

TAMEKA WILLIAMS

2004 Holy Rosary Graduate

Tameka became part of the Holy Rosary family in the first grade. Today she is a freshman at FAMU studying to become a pharmacist. Her first college report card included 2 A's, 4 B's and 1 C. Having graduated from Bishop John J. Snyder High School summa cum laude, she is determined to maintain a high standard of study.

Tameka discovered chemistry in the 10th grade. She initially wanted to be a doctor but changed her mind when she realized that the chemistry she was learning, and that fascinated her, was the foundation of pharmaceuticals.

She comes home to Jacksonville twice a month and in her spare time, which is minimal, goes to the gym and spends time studying. She lives off campus in a community apartment. The best part of college life for Tameka is not sitting behind a desk all day. She enjoys the intermittent schedule college life brings. Her least favorite has been the increased work load and the necessary adjustments.

STEPHANIE DELK

St. Pius V Class of 2004

Stephanie Delk graduated from William H. Raines High School in May. After receiving her final report card she sent a copy to St. Pius V principal, Sr. Elise Kennedy. Her 4th semester grades were 6 A's and 2 B's and Stephanie's final exam average was a B+.

Stephanie's mom, Madie wrote "Stephanie has applied for an academic scholarship with on campus living at the University of North Florida. Thanks so much for the excellent teaching you gave her. She is doing wonderful".
